### 52. PATENT, COPYRIGHT AND TRADE SECRET INDEMNITY:

- a. Contractor shall hold CALPIA harmless from liability of any nature or kind, including costs and expenses, for infringement or use of any copyrighted or un-copyrighted composition, secret process, patented or unpatented invention, article or appliance furnished or used in connection with the contract.
- b. Contractor may be required to furnish a bond to CALPIA against any and all loss, damage, costs, expenses, claims, and liability for patent, copyright and trade secret infringement.
- c. Contractor, at its own expense, shall defend any action brought against CALPIA to the extent that such action is based upon a claim that the goods or software supplied by the contractor or the operation of such goods pursuant to a current version of contractor supplied operating software infringes a United States patent or copyright or violates a trade secret. The contractor shall pay those costs and damages finally awarded against CALPIA in any such action. Such defense and payment shall be conditioned on the following:
  - 1) That the contractor shall be notified within a reasonable time in writing by CALPIA of any notice of such claim; and,
  - 2) That the contractor shall have the sole control of the defense of any action on such claim and all negotiations for its settlement or compromise, provided, however, that when principles of government or public law are involved, CALPIA shall have the option to participate in such action at its own expense.
- d. Should the goods or software, or the operation thereof, become, or in the contractor's opinion are likely to become, the subject of a claim of infringement of a United States patent or copyright or a trade secret, CALPIA shall permit the contractor at its option and expense either to procure for CALPIA the right to continue using the goods or software, or to replace or modify the same so that they become non-infringing. If none of these options can reasonably be taken, or if the use of such goods or software by CALPIA shall be prevented by injunction, the contractor agrees to take back such goods or software and make every reasonable effort to assist CALPIA in procuring substitute goods or software. If, in the sole opinion of CALPIA, the return of such infringing goods or software makes the retention of other goods or software acquired from the contractor under this contract impractical, CALPIA shall then have the option of terminating such contracts, or applicable portions thereof, without penalty or termination charge. The contractor agrees to take back such goods or software and refund any sums CALPIA has paid contractor less any reasonable amount for use or damage.

## General Provisions

- e. The contractor shall have no liability to CALPIA under any provision of this clause with respect to any claim of patent, copyright or trade secret infringement which is based upon:
    - 1) The combination or utilization of goods furnished hereunder with equipment or devices not made or furnished by the contractor; or,
    - 2) The operation of equipment furnished by the contractor under the control of any operation software other than, or in addition to, the current version of contractor-supplied operating software; or,

    - 4) The combination or utilization of software furnished hereunder with non-contractor supplied software.

The Contractor agrees to be as fully responsible to the CALPIA for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Contractor. The Contractor's obligation to pay its subcontractors is an independent obligation from the CALPIA's obligation to make payments to the Contractor. As a result, the CALPIA shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.
55. PRIORITY HIRING CONSIDERATIONS: If this Contract includes services in excess of \$200,000, the Contractor shall give priority consideration in filling vacancies in positions funded by the Contract to qualified recipients of aid under Welfare and Institutions Code Section 11200 in accordance with Public Contract Code §10353.
56. PURCHASES OUTSIDE THE CONTRACT: During the term of any contract resulting from a bid, the CALPIA, at its sole discretion, may purchase same or similar goods from a source other than the Contractor. The Contractor may be allowed to offer goods at a reduced price. In the event that the goods are purchased from the Contractor at a reduced price, such purchase shall be considered a contract purchase and all other terms and conditions of the contract shall remain in full force and effect.
57. RECYCLING CERTIFICATION: The Contractor shall certify in writing under penalty of perjury, the minimum, if not exact, percentage of post consumer material as defined in the Public Contract Code Section 12200, in products, materials, goods, or supplies offered or sold to the State regardless of whether the product meets the requirements of Public Contract Code Section 12209. If the nonconformity is discovered after the deadline for the completion of the project, California Prison Industry Authority (CALPIA) in its sole discretion may use any reasonable means to cure the nonconformity. The Contractor shall be responsible for reimbursing CALPIA for any additional expenses incurred to cure such defects, which may include the difference between Contractor's Proposal Price and the actual cost of performing work by another contractor.
  - b. In the event of the termination of the contract, either in whole or in part, by reason of default or breach by the contractor, any loss or damage sustained by CALPIA as a result of the services the contractor agreed to supply, shall be borne and paid for by the contractor.
  - c. The CALPIA reserves the right to offset the reasonable cost of all damages caused to CALPIA against any outstanding invoices or amounts owed to contractor or to make a claim against the contractor thereof.
60. **RESOLUTION:** A county, city, district, or other local public body must provide the State with a copy of a resolution, order, motion, or ordinance of the local governing body which by law has authority to enter into an agreement, authorizing execution of the agreement.
61. **SAFETY AND ACCIDENT PREVENTION:** In performing work under this contract for CALPIA, contractor shall conform to any specified safety requirements contained in the contract or as required by law or regulation. 62. **SAMPLES: (Materials ONLY)**
- a. Samples of items may be required by CALPIA for inspection and specification testing and must be furnished free of expense to CALPIA. The samples furnished must be identical in all respects to the products bid and/or specified in the contract.
  - b. Samples, if not destroyed by tests, may, upon request made at the time the sample is furnished, be returned at contractor's expense.
63. **SEVERABILITY:** The contractor and CALPIA agree that if any provision of this contract is found to be illegal or unenforceable, such term or provision shall be deemed stricken and the remainder of the contract shall remain in full force and effect. Either party having knowledge of such term or provision shall promptly inform the other of the presumed non-applicability of such provision.

The Stop Work Order shall be specifically identified as such and shall indicate it is issued under this clause. Upon receipt of the Stop Work Order, the contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work Order during the period of work stoppage. Within a period of 90 days after a Stop Work Order is delivered to the contractor, or within any extension of that period to which the parties shall have agreed, CALPIA shall either:
  - 1) Cancel the Stop Work Order; or,
  - 2) Terminate the work covered by the Stop Work Order as provided for in the termination for default or the termination for convenience clause of this contract.

  - 1) The Stop Work Order results in an increase in the time required for, or in the contractor's cost properly allocable to the performance of any part of this contract; and
  - 2) The contractor asserts its right to an equitable adjustment within 30 days after the end of the period of work stoppage; provided, that if CALPIA decides the facts justify the action, CALPIA may receive and act upon a proposal submitted at any time before final payment under this contract.
- c. If a Stop Work Order is not canceled and the work covered by the Stop Work Order is terminated in accordance with the provision entitled Termination for the Option of CALPIA, CALPIA shall allow reasonable costs resulting from the Stop Work Order in arriving at the termination settlement.
- d. The CALPIA shall not be liable to the contractor for loss of profits because of a Stop Work Order issued under this clause.

## General Provisions

71. **FORCE MAJEURE:** Except for defaults of subcontractors at any tier, the contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the contractor. Examples of such causes include, but are not limited to:
- a. Acts of God or of the public enemy, and
  - b. Acts of the federal or state government in either its sovereign or contractual capacity.
- If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the contractor and subcontractor, and without the fault or negligence of either, the contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted goods or services were obtainable from the other sources in sufficient time for the contractor to meet the required delivery schedule.
72. **TERMINATION AT OPTION OF CALPIA:** This Contract may be terminated in whole or in part at any time upon written notice by CALPIA to Contractor, for any reason. Upon receipt of such termination notice, Contractor shall promptly discontinue all work or performance affected by the end of the notice period, unless the notice specifies otherwise.
